

BUILDING PERMIT

APPLICATION GUIDELINES FOR DALLASTOWN BOROUGH

A building permit is required for all repairs and replacements that structurally affect a building. Items requiring a building permit include, but are not limited to the following:

- window & door replacements where the size of the opening will be altered
- roofing
- change of usage of a building
- addition or removal of walls/change of egress
- decks
- electrical and plumbing work
- additions and structural alterations to an existing structure
- swimming pools and ornamental ponds (permanent & temporary pools that can hold 24 inches of water or more)
- handrails and guards for balconies, porches and patios...
- sheds or garages over 240 sq.ft. (under 240 sq. ft. see Zoning Permit guidelines below)

Construction documents and other data **shall be submitted in 3 or more sets for each application.** The construction documents must indicate the location, nature and extent of the work proposed and must show in detail how it will conform to the provisions in the IRC (International Residential Code) and IBC (International Building Code) of 2009. All construction will need the details of construction specified on the drawing. Illustrate/describe your proposed addition/alteration in enough detail (like a blue print) so the plan reviewer can efficiently evaluate your application. If the application lacks sufficient construction detail, your application will be rejected. **Each application must have a plan review. Residential & Commercial plan review fees will be made payable to York Township.** The application and fees are submitted to Dallastown Borough. *The remainder of the costs will be noted after the plan review has been approved.*

*****All Commercial Plans must be stamped by a certified engineer or architect.**

How to Calculate a Plan Review Fee

	Value of Construction	Plan Review Fee	Plan Review Time
Residential	Any	\$30	Up to 15 Business Days
Commercial, Industrial, or Multi-Family (C,I, or MF)	\$0 to \$999,999.99	\$0.0013 x Value of Const. or Minimum \$160	Up to 30 Business Days
C,I, or MF	\$1 million - \$5 million	\$1,300 + (\$0.0004 x Value of Construction)	Up to 30 Business Days
C,I, or MF	Over \$5 million	\$2,900 + (\$0.0003 x Value of Construction)	Up to 30 Business Days
C,I, or MF	Plumbing & Mechanical reviews may be an additional fee, check with Borough Office if this applies to your project.		

ZONING PERMIT

APPLICATION GUIDELINES FOR DALLASTOWN BOROUGH

A zoning permit is required for the following:

- gazebos
- fences
- grade level patios
- non-illuminated signage
- sheds [no plumbing, no electric and less than 240 sq.ft.]
- paved or stone driveways and parking spaces
- swimming pools (permanent & temporary that can 18 to 23 inches of water with no electrical components)
- non-attached decking or patios that are less than 30 inches above grade

Complete attached application and submit it with 2 sets of drawings to the Dallastown Borough Office. The criteria needed for the drawing is listed on the reverse of this page.

(The Borough Office has guidelines for sheds, pools, decks, and fencing located in the lobby.)

**RETURN THE PERMIT
APPLICATION PACKET IN ITS
ENTIRETY**

ADDITION OF IMPERVIOUS AREAS

Applications for adding additional impervious areas (impervious materials and surfaces include buildings, decks, patios, porches, garages, pools*, sidewalks, stone and paved driveways, stone and paved parking areas, sheds, etc.) to your property must be submitted with 3 sets of plans. These plans are to be drawn to a scale of one-inch equaling 20 feet (1"=20') and detailing the following:

- Lot Location
- Lot Dimension
- Names and widths of abutting streets
- Addresses and owners names of adjacent properties
- Details of existing building(s) (porches, patios, decking, sheds, houses, etc)
 - locations, dimensions and usages of existing buildings on the lot and of the structures within 100 feet of the object of application
- Details of impervious materials
 - locations, dimensions and usages of existing impervious materials and surfaces on the lot
- Details of the object of application
 - dimensions, location, usage, and the distances the objects will be from side and rear property lines and from other structures
- North point and scale

The following table specifies the zoning criteria for the Dallastown Borough.

Zone	Front Setback	Side Setback	Rear Setback	Accessory structures ¹	Building Height	Lot Coverage	Fencing
R-O	25 ft	10 ft	30 ft	Rear setback: 10 ft Side setback: combined total of 8 ft or more, no less than 3 ft on one side	Principal structure: 2 ½ stories, but not over 30 ft. Accessory structure: 2 stories, but not over 25 ft	Up to 45% may be covered with impervious surfaces	Up to 6 ft. in height in rear and side yards; up to 3 ft in height in front yards. continue down... Properties with yards bounded by streets, lanes or avenues, the height of the fence is limited to 3 ft.
R-T	15 ft	SFD ² : 5 ft All other: 10 ft	20 ft	Rear setback: 10 ft Side setback: combined total of 8 ft or more, no less than 3 ft on one side	Principal structure: 2 ½ stories, but not over 30 ft. ³ Accessory structure: 2 stories, but not over 25 ft	Up to 60% ⁴ may be covered with impervious surfaces	
C-S	15 ft	10 ft	20 ft	Rear setback: 10 ft Side setback: combined total of 8 ft or more, no less than 3 ft on one side	Principal structure: 2 ½ stories, but not over 30 ft. Accessory structure: 2 stories, but not over 25 ft	Up to 90% may be covered with impervious surfaces	
C-H	25 ft	20 ft	10 ft	-----	Principal structure: 2 ½ stories, but not over 30 ft. ⁵ Accessory structure: 2 stories, but not over 25 ft	Up to 80% may be covered with impervious surfaces	
I-G	30 ft	20 ft	30 ft	-----	Principal structure: 3 stories, but not over 35 ft. Accessory structure: 2 stories, but not over 25 ft	Up to 90% may be covered with impervious surfaces	

¹ Accessory structures are to be located between the rear wall of the principal structure and the rear property line and must be at least 10 feet from the principal structure.

² SFD = single family detached dwelling

³ Height limit may be extended to 3½ stories but not over 40 ft. if each yard is increased one ft. width for each additional ft. of height over 30 ft.

⁴ 70% lot coverage is acceptable for properties where the lot width is less than 40 feet.

⁵ Height limit may be extended to 3½ stories but not over 40 ft. if each yard is increased one ft. width for each additional ft. of height over 30 ft.

*pools will require a building permit in addition to a zoning permit

R-O = Residential Outlying; R-T = Residential Town; C-S = Commercial Shopping;

C-H = Commercial Heavy & Highway; I-G = Industrial General

Other zoning criteria will be reviewed at the time your plan is submitted.

BUILDING PERMIT PROCESS/INTERNATIONAL RESIDENTIAL CODE 2009

READ ALL INFORMATION SUPPLIED WITH YOUR APPLICATION. THIS PROCESS APPLIES TO STRUCTURAL CHANGES AND OTHER MODIFICATIONS THAT REQUIRE UCC COMPLINACE. THIS PROCESS DOES NOT APPLY TO ZONING PERMITS.

1. Residential: Submit application & drawing to Dallastown Borough along with a \$30 plan review fee made payable to York Township
2. Residential Plan Reviews will take up to 15 business days.
3. You will be telephoned when permit is ready to pick-up.
Inspection and Permit Fees will vary from permit to permit.
4. Display Cardstock-Permit in a window facing your street of address; begin work.
5. Call for inspections; provide 2 to 3 days advance notice to York Township.
6. Complete and return Certificate of Use/Compliance when all inspections have been approved. Include your original cardstock and any documents regarding approved inspections.

**DALLASTOWN BOROUGH BUILDING PERMIT
APPLICATION CHECKLIST**

- _____ Zoning approval, if necessary (special exceptions, variances, etc.)
- _____ Building permit application completed and signed
- _____ Architectural plans (3 sets required)
- _____ Plot plan (3 sets required)
- _____ Driveway application
- _____ Grading plan (approved by Borough Engineer)
- _____ Energy Code compliance (2 sets required)
- _____ Sewage permit (for on-site septic system)
- _____ For existing commercial/industrial buildings – copy of L&I Occupancy permit
- _____ Stormwater Permit Application

Certified Building Official will not accept any plans for review until all of the necessary paperwork is submitted as a complete package. Incomplete submittals will be rejected and returned immediately.

Do not submit any applications for building permits for subdivisions or land developments that have not been recorded. The permits will be rejected and returned immediately.

All permits will be considered accepted for the next business day. Residential Plan reviews will take up to 15 business days and Commercial/Industrial Plan reviews will take up to 30 business days.

Date plan(s) accepted: _____

**DALLASTOWN BOROUGH
STORMWATER MANAGEMENT PERMIT APPLICATION**

If you, as a property owner, are planning to construct any type of structure or improvement to your property (patio, driveway, etc.) that will impact the stormwater runoff leaving your property, then you must comply with Municipal Stormwater Management Ordinance No. 575-12. Completion of this form will allow the staff to guide you through the associated regulations.

Step 1: Complete the Project Information

Property Owner: _____

Property Address: _____

Daytime Phone Number: _____ (preferred)

Email Address: _____ (preferred)

Proposed Development (Please provide information regarding size, type, distance from property lines and existing site features, etc. Attach any manufacturer's sheets or other information related to the proposed development):

Have any other exterior improvements been completed on the property since January 1, 2013 (*Effective Date of SWM Ordinance*)? If so please list the projects and permit numbers _____.

Step 2: Provide Sketch Plan of Property

Plan shall include property lines, existing improvements and proposed improvements. Please indicate which direction the property slopes as well as provide detailed drainage information for proposed improvements (roof breaks, gutters, downspout locations, etc. (Sample included as Attachment A1 in Small Project's Guide).

Sketch Plan Provided

Step 3: Summarize Proposed Impervious Area

- New Pavement (Parking area, driveway) _____ ft²
- New Building (Shed, Garage, Addition) _____ ft²
- Sidewalk or Patio (Concrete, Brick) _____ ft²
- Removal of existing impervious area _____ ft²
- Changing the ground surface/cover (Clearing a wooded lot, converting a meadow area to yard) _____ ft² (Municipal Engineer to be contacted by Borough)
- Farming Activities (not new buildings or impervious) – If in compliance with Chapter 102, exempted from formal submission.
- Timber Activities - If in compliance with Chapter 102, exempted from formal submission.
- Stormwater Improvement - Not associated with a new impervious area (Municipal Engineer to be contacted by Borough)

Small Projects Guide - Operation & Maintenance Plan**Construction:**

1. Install erosion and sedimentation control facilities.
2. Stormwater Management Facility (ies) shall be installed before impervious areas are completed. If earthwork is involved during the construction of the impervious area, then extreme caution shall be taken so that sediment does not wash into the SWM Facility (ies).
3. Mark the locations of the SWM facility (ies).
4. Excavate the SWM Facility to the required depth. Contact municipality for inspection prior to filling. If standing water is encountered, a SWM Site Plan may need to be submitted; contact Municipal Engineer. All excavated materials shall be removed from the site or stabilized.

For Stone Infiltration Structures

5. Line excavation with Geotextile.
6. Backfill SWM Facility with required stone. If required: Install piping, cleanouts and associated facilities as detailed.
7. If required: Close geotextile material over stone bedding.
8. If required: Place topsoil over trench.
9. Stabilize and seed all disturbed areas.

For Rain Gardens

5. Place topsoil over excavated area.
6. Install plantings as shown on the plan.
7. Stabilize and seed all disturbed areas.

Maintenance:

1. The SWM Facility shall be checked regularly to ensure that no standing water exists in the facility 3 days after a rain event. If water is encountered, the facility may need to be modified. Notification of the municipality is required if facility is not functioning before any modifications are made.
2. Monitor the SWM facility to ensure that no sediment, grass clippings, leaves, and other similar accumulations occur on top of, and/or within, the SWM Facility.

I have read and agree to the above Operation and Maintenance Plan. I, as the property owner, am responsible for the proper construction, operation and maintenance for the SWM Facilities. If I fail to adhere to any of these tasks, the Borough may perform the services required and charge the appropriate fees. Nonpayment of the fees may result in a lien against my property.

DATE: _____

PERMIT #: _____

LOCATION: _____

JOB: _____

PLUMBING PERMIT must be picked up by a master plumber licensed in Dallastown Borough. To schedule a plumbing inspection, follow the instructions below.

To schedule a BUILDING, ELECTRICAL, and/or ZONING INSPECTION call the York Township number, (717)741-3861, during regular business hours (Monday through Friday from 8:00 AM to 4:30 PM), and dial "0" for the operator.

Do NOT leave requests for inspection on voice mail. Requests on voice mail will not be honored. You must schedule them directly with the operator. Kindly give the York Township Office at least two to three days advance notice for the required inspections indicated on your permit(s) and for any inspections later deemed necessary by the inspectors. Inspections are performed Monday through Friday from 7:30 AM to 2:15 PM.

Work shall not proceed beyond the point indicated without approval of the inspection. Work that has been approved must remain in place for all inspections that follow. You may call to cancel an inspection (one-hour minimum) prior to inspection, without being charged for an extra inspection. Failure to call for inspections may require removing work completed. There will be an extra charge for extra inspections and re-inspections of failed work.

EACH PERMIT CARD MUST BE POSTED AT THE JOB SITE AT ALL TIMES AND MUST BE VISIBLE FROM STREET OF ADDRESS.

Return your building permit cardstock and all documents relating to your "passed" inspection with all requests for use and occupancy.

CERTIFICATE OF USE AND OCCUPANCY

DALLASTOWN BOROUGH

175 EAST BROAD STREET, DALLASTOWN, PA 17313

TELE: 717-244-6626 • FAX: 717-244-1076 • www.dallastownboro.com

A Use and Occupancy Permit will be required when a Building Permit is issued for any new structure or if an alteration/addition is made to or within any structure. Additional permitted items requiring inspections shall require a Certificate of Use and Occupancy. The new structure/addition may not be used or occupied until you have received an Occupancy Permit.

A Certificate of Use and Occupancy shall not be issued for structures and buildings located in subdivisions requiring Improvement Guarantees until the structure or building abuts either a roadway which has been accepted by the Borough or dedication or abuts upon a street which has been paved with a base wearing course.

The Dallastown Borough Zoning Office shall be provided the completed "Request for Certificate of Use and Occupancy", found on the reverse of this page, when all construction is completed and all inspections have been approved. Failure to do so is in violation of the Dallastown Borough Zoning Ordinance. Dallastown Borough requires five business days before a Certificate of Use and Occupancy will be issued.

Any person, partnership, or corporation who or which has violated or permitted the violation of the provisions of the Zoning Ordinance, upon being found liable therefore in a civil enforcement proceeding commenced by the Borough, shall pay a judgment of not more than \$500 plus all court costs, including reasonable attorney fees incurred by the Borough as a result thereof.

---Complete reverse when all construction inspections have "passed". Return this form with all inspection documentation and the building permit cardstock.---
